: Correspondence ending with Docket No 1191 dy 6th December 1870. from the Deputy Commissioner, Allypore District, recommending that the management of Jadi Kyganhalli village in the Attikuppa Taluk may be assumed by Government.

—a—

Order-

The Deputy Commrs attention is drawn to the provisions of Section 165 of the Land Revenue Code, by which a village may be attached and taken under Government management only when the adoption of any of the ~~other~~ ordinary processes specified, ~~is therefore that Section~~ in (a) to (e) Rule 6 to

para 3 Rule XXXIX of the Revenue rules from which he was observed that In case Village Headed be taken

is considered inexpedient for any reasons such as those specified in the rules quoted above.

2. In the particular case in question, the only reason which is adduced for taking the village under Government management in preference to selling it in the usual course is that it would be profitable to Government to do so, the revenue of the village being expected under such management to amount to Rs: 1000/- a year, while the annual jodi due to Government is Rs: 268-9-7

and

and the arrears of Jodi amounted to less than Rs. 406 in July 1889.—

3. It should be unnecessary to point out that Government have no desire to take undue advantage of default in paying the Government demand and that the assumption of every property would be profitable in proportion as it is valuable, and the revenue arrears due on it is small. The inexpediency contemplated in section 165 of the Land Revenue Code is not inexpediency arising from considerations with an eye to profit, but that which may

3. I do not understand how the Govt can derive any profit from managing a village & the Inamdar is entitled to claim the restoration of the village as soon as the arrear is liquidated from the proceeds of the village. it is not likely that the Govt would allow Govt to keep the village even after the liquidation of the arrear. Certainly the Govt would gain if the village be returned by Govt for arrears of Revenue but other procedure is not better equitable. Nor is it sanctioned by Law, the Inam being an unfranchised one.

do not so appear.

2
V-pl 17

may appear in view of the fact that the other processes prescribed for the realization of the Government revenue are likely to operate with undue prejudice to the interests of Govt or the public or are not likely to yield the full amount of the arrear due

4. As in this case forfeiture of the occupancy and sale of the holding in due course are not inexpedient, the Deputy Commr will be good enough to adopt the usual processes of attaching & selling the holding due.

To the Dy Commr Mymensingh

I have perused the draft order in the above petition and am of opinion that in the circumstances of the case the application should be granted. Mr Allcard's suggestions - items 1 & 2 of the application - should be carried out. We must either attach or recover the arrear.

Agreed

Let a draft order be submitted accordingly.
